SUTTON HISTORICAL SOCIETY TO MEET

The monthly meeting of the Sutton Historical Society will be held on Tuesday, December 2nd, at 8:00 p.m. at the West Sutton Baptist Church.

Following the business meeting, a Christmas Shopping Auction will be conducted. Each person attending is asked to bring an article suitable for giving as a gift, such as a handmade article, Christmas decoration, wrappings, material from which to make a gift, food for the holidays, etc.

Refreshments will be served, and the public is welcome to attend.

"ROAST LION" SUPPER

SUTTON. A "Roast Lion" Supper (Amish recipe) will be served at the First Congregational Church in Sutton center on Saturday, December 6, from 5:00 to 7:00 p.m. Come and enjoy!

BLOOD PRESSURE CLINIC

MILLBURY. The next Blood Pressure Clinic will be on Tuesday, December 2, from 8:30 to 11:00 a.m. at the Asa Waters Mansion, 123 Elm Street, Millbury.

National Home Care Week is being celebrated by the District Nursing Society, serving Millbury, Sutton, and southern Worcester County towns. Attending this free clinic, open to the public, will be a good way to celebrate and to honor the Society for its many services.

DEADLINE FOR ALL SUBMISSIONS TO THE MILLBURY-SUTTON CHRONICLE IS 12:00 NOON ON SATURDAY OF THE WEEK PRIOR TO PUBLICATION.

SCHOOL COMMITTEE MINUTES

By Edward J. Cooney

NOVEMBER 19, 1986

- Chairman Hanratty informed the Committee that a letter had been received from the Board of Selectmen requesting a student be appointed to the Youth Activities Task Force, established by the Board of Selectmen. Dr. Sylvia stated that Karen Dion, a Student Council member, was recommended to serve on the Committee as a representative of the youth and school community.

- Mrs. Cooney requested that the following items be included in the minutes of the November 5th meeting, prior to approval of the minutes: 1. A copy of the Committee's letter to Attorney Broadhurst. 2. The Attorney's reply. 3. Those applicable sections of Robert's Rules. 4. Her written statement given at the last meeting.

The Committee voted unanimously to approve the minutes with Mrs. Cooney's inclusions.

- Mr. James Morin, Chairman of the Parks Department, presented a proposal to the Committee for their consideration and discussion. He is seeking an arrangement whereby a full time person could be hired to maintain the fields at Windle Field. This person would work under an eight month arrangement, and work the other four months in some custodial capacity for the School Department. The position would require a new job description and would be placed under both the Parks Department budget and the School Department budget.

Several members of the Committee expressed interest in some type of arrangement, but were concerned about supervision of the work to be performed. Another consideration was whether or not this job would be a Union position, subject to Union negotiations. Alan Tuttle expressed concern about the possibility that the School Department might be creating jobs for the person hired during the four months he would be under the School Department.

Mr. Morin noted that the workers in the Parks Department were more knowledgeable about field maintenance. He cited the excellent conditions of the Parks Department fields as an example. Committee members concurred and expressed dissatisfaction with the maintenance of the field at Windle.

Mrs. Cooney suggested the possibility of sub-contracting the work. Chairman Hanratty responded that it couldn't be done unless it was mutually agreeable. Mr. Stickney suggested that Mr. Morin run his proposal by the Personnel Board.

- After a brief discussion of the amended Drug Policy, the Committee voted 5-0 to accept the changes. This was the third reading of the Drug Policy. The new policy will now be in effect.

- Dr. Sylvia briefly reported to the Committee on the progress of a new Grade One program. The Early Achievement Class is run by Mrs. Dowgett, with assistance from Mrs. Lariviere, Reading and Chapter I. Both teachers feel that the class is worthwhile and is meeting its intent.

- Dr. Sylvia also reported on a program coordinated by Tom Murray which utilizes Worcester State College and is intended to increase student's levels of aspiration. Dr. Sylvia said that it was an excellent program providing extra help, motivation and support services to certain students.

- Notification flyers on the cancellation of School went home to parents through the students this past week. School cancellations will be publicized on the following radio stations: WTAG, WSRS, and 14Q.

Mrs. Cooney suggested the possibility of also placing cancellations with television stations, as do many other school systems. Student Representative James Tuttle suggested that, since most kids listen to WAAF and Boston WCOR, these stations should also be included.

Mr. Wilczynski stated that Dr. Sylvia can't be expected to spend all that time calling so many stations. Dr. Sylvia indicated that he spends about 30 minutes on the phone to announce cancellations when required.

- Mr. Tuttle had previously requested a listing of teachers and class sizes at the Middle School. Dr. Sylvia noted that the information was in each member's package for this meeting. Mr. Tuttle

MILLBURY SELECTMEN'S MEETING DIGEST

By Edward J. Cooney

NOVEMBER 18, 1986

- The Board, Chaired by Wynton Adams, signed the Warrants and approved the minutes of several previous meetings.

- Under Old Business, the Board voted 4-0 to accept the resignation of Frank Piscitelli from the Council on Aging. Mr. Donnelly was not in attendance during the vote.

- The Resource Recovery item generated no discussion concerning Signal Resco, but did elicit a statement from Chairman Adams concerning a Bill in the Conference Committee at the General Court, which addresses siting of resource recovery facilities. Mr. Adams stated that if local communities go to court over siting such undesirable but necessary facilities, that higher levels of government will put the decision making process into other hands.

- The question of parking developed into a discussion concerning the resolution of conditions at the rear of the C.D. Whitney Agency. This had generated considerable discussion from the business community at the Board Meeting a week ago. Chairman Adams stated that he thought a great job had been done, with the encouragement of the Board of Selectmen. Selectman Jude Cristo informed the Board that he had spoken to Happy Erickson who expressed several concerns voiced by local business owners.

A brief discussion followed concerning the parking on Farnsworth Court. Selectman Roland Lachance expressed concern over the possibility of a drainage problem. He asked that some thought be given to alleviating the problem before paving the area.

Mr. Cristo stated that another concern expressed by Mr. Erickson noted the lack of adequate lighting in the area of the temporary parking lot prepared by the local business community. The Board agreed to look into the lighting needs.

A third area of concern addressed the need for opening up the access and egress roads to the rear parking lot. Administrator Earl Chase stated that cutting the curbing, temporary paving, and the relocation of a hydrant and a pole, would be required to accomplish these tasks.

Mr. Cristo said that he had discussed the hydrant relocation with Mark Dana of Mass. American Waters Works and was told there would be no problem.

Mr. Adams indicated that he thought that steps one and two should be accomplished as soon as possible. He also noted that the Power Company could do the wiring change at the pole after New England Telephone moves the pole.

Another concern of the Business Group referred to the loading area designated at the entrance to Farnsworth Court. People are ignoring the sign change and still parking in the first spot on Elm Street.

The Board stated that they plan to meet with members of the Millbury Baptist Church to discuss temporary use of their parking lot.

Mr. Lachance then asked if there was any progress in obtaining grant money from the State. Mr. Chase stated that no one from the State level has looked at the site. Mr. Adams replied, "Maybe we need a little political influence."

The Board is trying to develop access to State Funds from the Office of Administration and Finance for engineering studies and construction costs for a permanent parking lot. Mr. Lachance stated that the Board should consider preparing an Article for Engineering Funds for the next town meeting.

Selectman John Donnelly suggested that Benjamin Miles be approached to see if he would donate the garage behind the old bowling alley to provide better egress from the rear parking lot. Mr. Donnelly also stated that he would rather see Farnsworth Court left as is for now, and do the work in the spring. Mr. Adams indicated that he thought Mr. Donnelly made a good point.

The Board then voted 5-0 to construct a driveway entrance along C.D. Whitney, and also voted 5-0 to install floodlights in the rear parking lot area.

- At 7:45 the Board met with two representatives of the District Nursing Association concerning their request for the expansion of offices to the third floor of the Asa Waters Mansion.

Ann Campbell, Assistant to the Director, and Jane Jung, Board President, expressed the Association's need to expand. The Association would like to use two rooms on the third floor. Mrs. Jung queried the Selectmen concerning the anticipation of an increase in rent. Mr. Adams stated that there had been some casual discussion of rent. "The rent has stayed the same over several years," he said. "We have to look at costs and fees so as to adjust rents. Utilization of more space will carry more costs than now." Mr. Adams went on to say that maintenance and custodial services were not intended for tenants but for general upkeep of the building.

Mrs. Jung asked who would bear the cost of ceilings, lights and the painting of walls. Mr. Adams stated that is was the consensus of the

SUTTON SELECTMEN APPOINT STEVE FLYNN TO ERB

By Karen Potter

The Tuesday, November 18th meeting of the Sutton Board of Selectmen was convened at 8:00 p.m. at the Municipal Center and the first order of business was the approval of the minutes of the previous meeting.

The first order of regular business was the appearance, before the Board, of Pamela Johnson and several other residents of Boston Road. They are concerned that heavy traffic, which often seems to exceed the posted speed limit in the neighborhood of numbers 239, 242 and 247 Boston Road, is a safety hazard to their children. Their appearance before the Board was designed to reinforce a letter, which they collectively mailed to the Selectmen, addressing concerns over the traffic problem. The requests are that the Board recommend erection of "Go Slow Children", and "Blind Drive" signs, and frequent and irregularly scheduled policing of speed limits using radar detection methods. The Selectmen agreed to confer with Raymond Smith, Highway Superintendent, regarding the proposed signs, and to contact Chief Conley concerning the requested patrols.

Item two on the agenda was the entertainment of a request presented by Enrico Bette on behalf of the newly formed Earth Removal Board. His presentation was twofold; the ERB needs immediate approval of their recommendation to engage their engineer/agent, and needs the appointment of the remaining two members required to complete the 5 member panel. Only two boards have yet to submit, for approval, the names of their candidates for the ERB. Later in the meeting, the Selectmen discussed and appointed Mr. Steven Flynn, 14 Douglas Road, to serve as a member of the ERB. Mr. Flynn was graduated from the New Jersey Institute of Technology in 1977 and has, from that time, worked in the field of electronic engineering. He is a member of the Institute of Electrical and Electronics Engineers and a member of the Instrument Society of America. The Board of Selectmen resolved to re-contact the Board of Appeals to urge speedy submission of their nomination.

Discussion ensued centering around the financing of Mr. Bette's request for the engineer/agent. He described the process that the ERB employed in their search for the agent and concluded by stating that the ERB would like to retain Cullinan Engineering of Auburn to assist the Board in the professional review of site plans, for the purpose of granting permits and monitoring compliance with the recently approved Earth Removal By-Law.

Mr. Bette said that the budget for the ERB will be submitted to the Selectmen for their next meeting so that an Article can be put on the Town Meeting Warrant. Selectman Wally Johnson reminded Mr. Bette that the proposal for the ERB to operate from a revolving budget was defeated at the 1985 annual town meeting and that the ERB will be required to submit and operate from an itemized budget. Bette reiterated that the bottom line figure (pro-rated to the end of Fiscal 86) will be ready for the Selectmen by week's end and that ERB will submit an Article for the Warrant.

Mary Kay Connor of the Planning Board, introduced Mr. Peter Coffin who is a member of the area Strategic Planning Committee. Mr. Coffin explained the results of a recent study done by his Committee, whose job is to come up with suggestions for Sutton for growth management, specifically with regards to residential development. Mr. Coffin explained that, by simple amendment to its zoning by-laws, Sutton can choose geographic areas for development by directing the expansion of sewer and water services. Such limitations would directly affect the permissible lot size for a particular area. He suggested implementation of an interim zoning regulation with very strict dimensional regulations, under which the town could operate until such time as further growth studies can be drawn up. Mrs. Connor and Mr. Coffin recommended the establishment of a Zoning Commission which would be charged with the responsibility for a growth plan for Sutton.

From the floor, Larry Moore reminded everyone that any growth study, in order to be complete, should include impact on the environment, and on community and natural resources.

Representing the Council on Aging, Mr. Moore brought the name of Mrs. Vondel for reappointment to the Council, and that was approved unanimously. He then presented a request that the Selectmen permit the hiring of Ms. Nancy Porter to serve as the Outreach Worker for the Council, which was also approved without objection. Mr. Moore gave a follow-up report to the Selectmen concerning the difficulties that the Council has encountered communicating with Town Accountant, Kenneth Redding. The relationship has improved to where Ron Dion and Mr. Redding will be working together in the next few weeks to complete reconciliation of accounts.

Robert Nunnemacher, Assessor, attended the meeting to relay information to the Selectmen. The information from the Department of Taxation afforded the Selectmen the opportunity to increase either the number or the sizes of specific tax exemptions. The Selectmen voted to leave the exemption sizes the same for the coming fiscal year

AROUN' THE TOWN AND GOLDEN AGERS UPDATE

By Lillian C. Sheehan

DON'T DARE MENTION THE WEATHER--you know what they say about the weather in New England, "If you don't like it, wait a minute" - well, we will just hope for the best, because, from now on, there are some busy times coming up.

MILLBURY WOMAN'S CLUB

On Monday, December 1, the regular monthly meeting of the Millbury Woman's Club will be held with Pat Taraskiewicz presiding; Ruth Stafinski and Martha Stafinski will co-chair, assisted by the following Hostesses: Rose DeToma, Jean Matson, Ruth Marble, Irma Kotilainen, Dana Christman, Hilda Healy, Bertie Royal, and Barbara A. Swenson.

Zoe White will be in charge of the Art Corner, which will feature Wood Carving.

The Greendale Retired Men's Club Chorus will present the program for the afternoon.

And, about the $3.00 Grab - we don't have to wrack our brains as to what we should or should not get; the gifts brought in that day will be given to Abbey House. You remember when a speaker came to one of the meetings and told us that Abbey House will welcome any kind of paper goods because they use so much. We can bring tissues, paper towels, napkins, etc. What a relief; we don't have to think twice about what to bring, and they will be very happy to have someone replenish their supplies.

So much for the early part of the day on Monday. The Millbury Lions Club is planning on serving a Spaghetti Supper to the tenants at Centerview that evening at 6:00 p.m., and they have a treat in store for them - hopefully Butch and Maeve from the Parting Glass Pub will be over to entertain.

CENTERVIEW WHIST

Seems ages since we have had our monthly whist party too. So, we have that to look forward to on the first Wednesday of the month.

GOLDEN AGE CLUB

On December 2nd and 9th, the Millbury Golden Age Club will meet as usual in the church hall at 12:30. However, there will not be any meeting on December 16th, the date of the Christmas Party.

COACHLITE

Mary Briddon wants to remind all of you that are going to the Coachlite Theatre on Wednesday, December 10, that the bus will be leaving St. Brigid's parking lot at 10:00 a.m., and returning approximately at 5:00 p.m. Be there!

WEATHER FORCES CANCELLATION

Sorry the weather interfered again and we missed another nice meeting of the St. Brigid's Women's Club. Guess we'll have to struggle along with our micro-wave ovens until we can hear Angie Mahoney brief us on them.

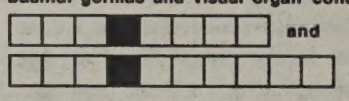
However, keep December 11th open. The December meeting of St. Brigid's Women's Club is earlier than usual!

What's the Difference?

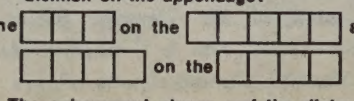
By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

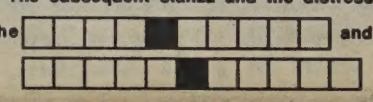
1. Bashful gorillas and visual organ contours?



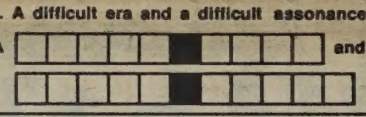
2. The black-top on the weighing device and the blemish on the appendage?



3. The subsequent stanza and the distressed R.N.?



4. A difficult era and a difficult assonance?



10-15

ANSWERS: 1. Shy apes and eye shapes. 2. The tar on the scale and the scar on the tail. 3. The next verse and the vexed nurse. 4. A rough time and a tough rhyme.

Board that the organization would take care of costs. "This is not a decision but an observation," he said.

Mr. Cristo suggested that an estimate be obtained. "It would help us with a decision at this level," said Mr. Cristo.

When asked about the heating on the third floor, Mr. Chase stated that he couldn't honestly say if the heat was working. Mr. Adams suggested that the heating be checked as a new boiler had been installed.

Mrs. Jung told the Board that there was a concern about a puddle of water on the fourth floor that had caused a leak of water from the crystal chandelier on the third floor. She stated that she was concerned about structural damage.

Mr. Gauthier noted that there was a skylight on the fourth floor that was rotting out. Mr. Lachance stated that he would inspect the fourth floor with Mr. Chase tomorrow. He also asked both representatives if the Nursing Association had made a projection of needs for the next ten years, noting that the Providence Street School has room and space. Mrs. Jung said that they hadn't addressed the problem. Mr. Cristo indicated the possibility of co-use of the Providence St. property to cover and support the cost of renovation. Mr. Jung indicated that the Association had been part of a proposal previously submitted as a medical complex, but not accepted, during a bidding process for the former school.

Mrs. Jung also suggested that the Board inspect the attic area in the rear of the fourth floor. She noted that there were papers scattered about that could pose a fire hazard. Mr. Lachance stated that he and Mr. Chase would also inspect that area.

- The Board returned to "Old Business" and briefly discussed Lewcott Corporation. Mr. Chase indicated that members of the Board had, on file, a consultant's report stating that there are five possible sites for the relocation of the Worcester plant. Both Mr. Cristo and Mr. Adams stated that the report does not indicate that Millbury is, or is not; one of the five possible relocation sites.

Mr. Chase then reported to the Board that he had been informed by Lewcott President Jean Lewis that he wished to make a presentation to the Board on December 16th, concerning the progress at the Millbury Plant.

Mr. Lachance asked if any members of the Board had received calls from neighbors of Lewcott concerning odors. Other members stated that they had not received any complaints for the past six to eight weeks. Mr. Cristo suggested that most people would be spending their time indoors with windows and doors closed.

Mr. Adams noted that he had been in the area and had not noticed any odors until he had approached the driveway area of the plant.

- Next, the Youth Activities Committee has received a list of names of interested people willing to serve. Mr. Cristo noted that a student representative, to be named by the School Committee, has not been received as yet. He asked that the item be deferred until next week, at which time appointments would be made.

At 8:15 Chairman Adams opened discussion on a Liquor Violation at Lemay's Beer and Wine Package Store on Millbury Ave. Attorney Peter Keenan, representing George Lemay, requested that the Board allow the owner of the license to admit to sufficient facts, as outlined in the action letter from the Police Department, and waive the Public Hearing.

Attorney Keenan stated that his request should not be construed as an admission of guilt.

Chairman Adams asked Attorney Keenan if an appeal would be made on any action taken by the Board. Keenan replied that if the action taken is totally unwarranted by the facts such as action to revoke, or if a drastic penalty were to be imposed, that this would force an appeal.

Mr. Donnelly stated that this was not the first time that there had been a violation.

Mr. Cristo noted that the final determination rests with the Board. "If there is an agreement to facts, and an admission to sufficient facts, the Hearing could be waived," he said.

Mr. Cristo then moved to waive the Hearing. The vote was 3-2 with Mr. Lachance and Mr. Donnelly voting in the negative.

Attorney Keenan then presented his arguments to the Board. He stated that his client had been sited on two prior occasions. In 1984 he had received a warning, and in 1985 had been given a seven day suspension for selling liquor to a minor. "George and Ruth Lemay are only employees. They operate a grocery and beer and wine store...The beer and wine are not the principal source of income, but is a substantial part of their business...The Grocery Store part could not operate alone...They have been on Millbury Ave. for 12 years...Ten years, prior to 1984, they had no problems with the Police Department...They have kept an orderly and neat operation." He suggested to the Board that Mr. Lemay would accept a seven day suspension of his license, which would be equivalent to three weeks because of the time of year. "Most dealers are fully aware of the violations of the liquor laws," he said.

Mr. Keenan asked the Board for a seven day

suspension. "I hope the Board appreciates what he (Lemay) is doing. He could have come in with both guns blazing to impeach the credibility of witnesses."

Mr. Adams responded by stating that the Board would decide on what was appropriate for the protection of the community. "The Board will not tolerate violations of the Liquor Laws. We have no fear of hearings or deliberations that would occur at a hearing. There is no advantage to us to waive," said Adams.

Mr. Lachance then stated that the first time, he could be sympathetic. "Three years - he has been a repeater. When is he going to learn? I have no sympathy."

Attorney Keenan replied, "I understand...Mr. Lemay does...It has come home to him crystal clear."

Mr. Donnelly moved for a 30 day suspension. Mr. Lachance seconded. Mr. Cristo stated that he thought the penalty was severe in this case and warranted. He offered 14 days not 30 days. Mr. Donnelly's motion carried on a tie breaking vote by Chairman Adams. The vote was 3-2, with Mr. Cristo and Mr. Gauthier voting no.

Mr. Adams then informed Mr. Keenan that his client cannot display alcoholic beverages during the suspension period. He asked Mr. Keenan to inform his client that another violation would result in the revocation of his license.

- In "New Business" the Board:

1. Approved opening the public way on Stone Road by Tom Stratford.

2. Approved a street opening at 242 Millbury Ave., as requested by Tom Cristo, in the name of Mario Lapriore, a contractor.

Mr. Cristo stepped down and did not vote.

3. Approved the installation of two signs indicating a "Deaf Child" in the area on Grafton Street near Branch Road and west of the curve on Grafton Street. The request was submitted by Joseph C. Lavallee, on behalf of his daughter. This stemmed from a recent accident on Grafton Street involving a friend of his daughters. Mr. Lavallee stated that his daughter was now afraid of the road.

- At 8:47 the Board met with the Solid Waste Disposal Committee, Chaired by Richard Dwinell. Mr. Dwinell stated that the Committee was established by the Town Meeting and has been working diligently, meeting every two weeks and sometimes every week. He indicated, for the record, the names of the members of the Committee: Judith Taft, Peter Boria, Joseph Sullivan, Kevin Farrar, George D'Auteuil and Roland Lachance (Selectman Rep.)

Mr. Dwinell went on to say that the Committee has digested and analyzed reams of material dealing with solid waste. "The committee has met with the Town Treasurer, the Board of Health, the Finance Committee Chairman, the Engineering Company that did the Survey, and the Capital Budget Committee. It will be our recommendation that the Transfer Station be constructed on the present site of the sanitary landfill." He also stated that the committee was present tonight to request a joint meeting with the Selectmen and all other town boards. "We are concerned about all the solid waste in town. Curbside pickup would only involve about 30-40% of the solid waste in Town," noted Mr. Dwinell. He went on to say, "I don't feel I should answer any questions tonight. We first want to discuss costs with Town officials and get a firm figure. We will give a press release when all this is decided."

Millbury resident Richard Phelan made a statement to the Board indicating that he had voted against the Transfer Station at the Town Meeting. Mr. Phelan said that the cost factor for engineering studies would be $100,000 and construction costs $1,000,000. He noted that Boylston had just voted curbside pickup of trash and would realize a lower cost. He charged that members of the present committee were all for the transfer station and no members were asked who were opposed to that type of solid waste operation.

- Prior to moving into executive session, the Board listened to correspondence and communications. Chairman Adams asked the Board if they were agreed that the Attorney of record, Attorney Cosgrove, should stay and follow through with a case in Court to be called up in December, concerning the Center Cafe.

Attorney Cosgrove had stated that he was willing to complete the case but wondered if the Board was planning to turn the case over to the new Town Counsel.

Members agreed that Attorney Cosgrove should finish the case.

and to leave the qualifications as they have been.

The Warrant for the upcoming town meeting will be assembled and signed at the next Selectmen's meeting on Tuesday, November 25.

Under the heading of General Business, unless the owner of JJ's Lounge is successful in having his appeal case heard by the Alcoholic Beverage Commission, the suspension of his liquor license will take effect on January 5, 1987, for a period of 12 days. This action stemmed from a complaint that the establishment had served liquor to an already intoxicated person.

The meeting adjourned at 10:01 p.m.

SCHOOL from Page 3

then requested that the Superintendent include, for the Committee's information, all personnel at the Middle School in non-academic areas as well. Dr. Sylvia indicated that he would make the information available at the next meeting.

Mrs. Cooney then asked Dr. Sylvia to name the counselors at the Middle and Elmwood Street Schools. He replied that Mr. Dunham and Miss Linda Simulavich (counselor for Grade 4) were the counsellors at the Middle School. Mrs. Cooney noted that Miss Simulavich is listed as a Grade 4 classroom teacher on the roster. Dr. Sylvia said that she is not in the classroom right now (Mrs. Graham, a permanent sub is in her class). The Superintendent stated that he had posted the Guidance position in the Spring and that no one was available. "I made the transfer," said Dr. Sylvia. Mrs. Cooney responded, "I don't remember voting, we usually do." She then asked Dr. Sylvia for a copy of the posting of the Guidance position and the Substitute Teaching position. Dr. Sylvia stated that he could provide a copy of the Guidance posting but was not sure that he had the posting of the Substitute position. He stated that the Guidance position is effective only until January, as Mrs. Ferkler was granted maternity leave in May and will return in January.

Dr. Sylvia said that he had transferred Linda Simulavich because no one else was as well qualified. Miss Simulavich also does Guidance in K-3, while Mr. Dunham is the counselor for 5-6-7.

Mrs. Cooney stated that it would be helpful if the Committee could receive a schedule of what is being done at all levels, similar to the schedule they have from the High School.

- Item #6 on the Agenda concerned discussion of the State Assessment results for Grades 3-7 and 11.

The Superintendent began his presentation with some opening remarks. "I am not pleased with the High School results," he said. "I have gone over the results with the High School staff in detail. We do lose some good students to private schools. This year we did not lose as many students. I pledge that results will be higher in the future." Dr. Sylvia also noted that several teachers at the High School had approached him and were disappointed with the results. He went on to say that in commercial tests, given at different levels of the system, "we do better. The tests are constructed to test certain concepts and content. These are not individualized results," he said.

Dr. Sylvia then proceeded to present to the Committee, and several parents in the audience, an audio visual presentation of a chart showing the scores Millbury had achieved, the comparison to kinds of communities (K.O.C.) similar to Millbury, and the range band-graph for each grade level tested.

Looking at the scores achieved by Millbury, as compared to Kinds of Communities, Grade 11 scored 150 points below in Reading, 100 points below in Math and 100 points below in Science. Mrs. Cooney stated that at the Grade 3 and 7 levels, the State mean was 1300 and the range band was 1250-1350. She noted that 50 points was not significant; therefore Grades 3 and 7 did conform.

Dr. Sylvia said, "We have work to do." He also stated that he will meet with Department heads. "There are things that will be done. We did not come out shining." He then noted that he was disheartened by the Grade 11 scores and stated that students who do recreational reading and reading for personal information do score higher on tests. "There is a need for home support in this area. We will work on that."

Richard Phelan, a parent, asked if the S.R.A. Reading Program used at the High School Level was applied. Dr. Sylvia replied that it is available. Mr. Phelan then asked if it is used and Dr. Sylvia responded that S.R.A. materials are available with specialists. "Not all students take reading. Those

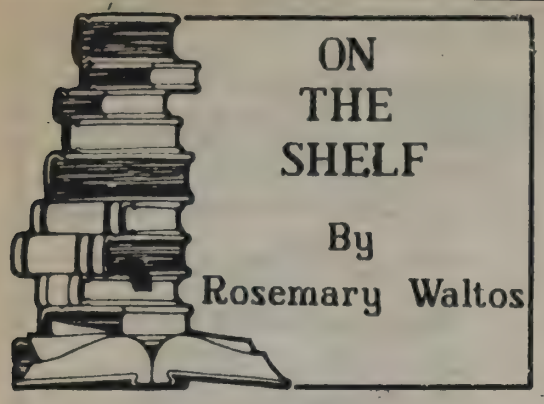
THE NEW HOLIDAY GIFT SUGGESTION
New Gray by Cross gives your customers a new way to express their holiday spirit with Cross excellence.
"Signing my thank you notes would be a pleasure with my own Cross Fountain Pen. Remember, it's on my list, too."



The Millbury Public Library has come a long way in the 1980's. A new addition, a beautiful and bustling children's room, and now a new addition to the Library's collection - VIDEO CASSETTES.

You may remember that before the beginning of the summer the Library had a rather stale collection of video cassettes on loan to us from the Central Massachusetts Regional Library System. The Regional System recently replaced this collection with a great new collection of VHS videos. This collection will change on a month to month basis. Each month, titles will include a selection for both adults and children. In addition to those on loan to us from the Regional System, the Library has purchased a modest number of it's own VHS cassettes.

It's easy to borrow videos from the Library. To borrow cassettes all you have to have is a valid library card and be over eighteen years of age. There is no deposit fee, but there is a late charge if materials are brought back after their due date. This month's Regional System titles include film classics, great Hollywood entertainment, and some "kids stuff" that adults will enjoy too.

THE INCREDIBLE SHRINKING WOMAN with Lily Tomlin and Ned Beatty. In no small way Lily Tomlin plays Pat Kramer, a woman who finds herself shrinking, and surviving the battle of being small in an over inflated, but funny, world.

THE BOAT with Jurgen Prochnow and Herbert Gronemyer. Foreign film enthusiasts might know this as the 1981 film, DAS BOOT. A great movie that shows war from "the other side". This is a good balance to the "Rambo, ain't war great" movies that have hit the scene in the last few years.

THE BOSTONIANS with Vanessa Redgrave, Linda Graves, and Christopher Reeves, based on the Henry James novel by the same name. This is a beautifully told story that mixes 19th century Boston politics and its suffragette movement with passion, and a test of strong wills. (Mechanic's Hall's wonderful Hook Organ makes an appearance in this movie, too.)

TREASURE OF SIERRA MADRE with Humphrey Bogart and THE BANK DICK with W.C. Fields. Two classic movies. The first is a story that tells of the effects of greed on the human spirit. The second is a side splitting comedy presenting the master himself, W.C. Fields.

THAT'S ENTERTAINMENT, Part Two. Let Fred Astaire, Gene Kelly and a host of Hollywood greats dance their way into your hearts.

BENJI, CURIOUS GEORGE, and SPORT GOOFY'S VACATION. Three videos not just for kids.

Coming soon to the Millbury Public Library's permanent collection...

GOING MY WAY with Bing Crosby. Undoubtedly one of America's favorite holiday classics.

IT'S A WONDERFUL LIFE with James Stewart and Donna Reed. A young man attempts suicide and is foiled when his guardian angel rescues him. (Elaine L. went nuts when she heard we were buying this one, and she doesn't even have a VCR!)

MICKEY'S CHRISTMAS CAROL, starring that favorite mouse, Mickey Mouse, and Dickens' Bob Cratchit.

PINOCCHIO and SLEEPING BEAUTY. Two movies that parents won't want to fail to pass on to their children. These are true Disney classics.

In January, the Millbury Public Library will be having its first reading discussion group. If you are interested in attending, call or stop by the Library. We will be discussing ACCIDENTAL TOURIST by Ann Tyler. Look for more details in next week's, "On the Shelf" column.

SCHOOL from Page 9

taking a foreign language don't take reading. Poor students take reading," he said.

According to Dr. Sylvia, Mrs. Lewandowski, head of the Reading Department, had suggested that those students taking Conversational French and Spanish could also use reading programs. Inferential and critical comprehension skills are poor, statewide, stated Dr. Sylvia. "If you negate native intelligence, homework is the best predictor of academic success. We will have to review our homework policy," he said.

Mr. Phelan suggested that off-year testing be conducted on the curriculum. "Teaching could be geared for testing, similar to the old New York Regent Exam."

Dr. Sylvia noted, "Millbury has a wide and diverse curriculum. We do fine things here. We have 24 Level III classes. We serve a full population. Other schools also send pupils back to us." He continued, "We have academic courses for strong students. We have to do as much for the talented students. I know, in the past, Mr. Pease and Mrs. Cooney have expressed concern for the middle-average student."

One parent in attendance stated that she had heard that some students did not take the test seriously. "The students have to realize the seriousness of tests and be prepared for taking tests."

Tim Vanderlinden, a parent, asked "Why are they surprised? No one should be surprised. We shouldn't wait for exams. If we evaluate, why are we surprised?" Dr. Sylvia replied that Grade 11 students, on diagnostic tests, went off the charts. "Grade 8 students did not do too good this year," he said.

Tom Fox, another parent, asked Dr. Sylvia what kind of reading program was offered at lower levels. Dr. Sylvia stated that the Scott Forsman Reading Series is used. "Reading is taught everyday. There is homogeneous grouping in reading and math," he said.

Mr. Phelan noted that his daughters had done well at the High School. "In general, teachers are doing an excellent job. You have to prepare yourself for curriculum testing," he said.

Committeeman Alan Tuttle expressed his feelings concerning the reaction of the faculty and Principal. He stated, "The staff felt badly? We did not look good at all. This has been talked about a lot in Town. We received our report card and we didn't do well." He continued, "We can't blame anyone else. Some teachers do prepare students for standardized tests. We still did poorly. Over the years we (the Committee) have supported the Administration - Administrators have let us down."

Mr. Tuttle then noted, "Principals evaluate their teachers. One parent informed me that they had asked a Principal who their child was going to have for a teacher the next year. The Principal replied, 'Who don't you want?' The parent said

NEWS FROM THE MILLBURY COUNCIL ON AGING

By Judith O'Connor, Director

CHEESE & BUTTER DISTRIBUTION

Cheese and Butter will be distributed on December 2, 1986, from 9:00 to 11:00 a.m. and 1:00 to 3:00 p.m. The cheese will be distributed ONE DAY ONLY at the times specified. The distribution is for Millbury residents only and will be at the Asa Waters Mansion, 123 Elm Street, Millbury. All recipients must demonstrate their need by: 1. Showing documentation of their participation in any of the following programs: Food Stamps, AFDC, Welfare, SSI, Medicaid, Head Start, FUel Assistance, WIC, Veterans' Aid or Unemployment. 2. Signing a declaration that their family size and gross income falls within the current fuel assistance program income Range #2.

EYE SCREENING

On Wednesday, December 10, 1986, we will have eye screening here at the Senior Center from 12:30 to 2:00 p.m. Testing is to be done by the Medical Eye Care Services of Worcester. Please call the Council on Aging Office for an appointment time if you plan to attend. This program is to help prevent blindness. Have an eye examination now!

ASSUMPTION SCHOOL NEWS

By Grace Laflash

A candy drive was held to raise funds for the school. Top sellers were rewarded. In Grade 3, Stacey Marois sold 756 bars and was awarded $50. In the same grade, James Deeter sold 603 bars and received $40. Eloise Thibault, grade 7, was awarded $30 for selling 540 bars.

During Catholic Schools Week, students from Audrey Roberts' second grade and Dorothy Marchessault's third grade were enlisted to sing at the Eucharistic celebration. With the aid of make-up, clown countenances appeared to render "Smile Don't You Know That God Loves You". They were: Grade 2, Danielle Belair, Erika Bradley, Justine Corey, Kristen Kaczynski, Kristin Kerins, and Jill Rucci; Grade 3, James Deeter, Kathleen Kerins, Hilary Keller, Ian McLeod, Ronald Salois, and Erin Donahue.

This Centennial year is an appropriate time for a class trip to Liberty Island and the "Big Apple". A chartered bus brought Rita Comeau's eighth grade and Grace Laflash's fifth grade into New York City. After a visit to St. Patrick's Cathedral and lunch in Battery Park, the group boarded the ferry. The view of Lady Liberty from the upper deck was magnificent.

Due to the multitude of visitors to the island, it was impossible to go into the Statue. However, the children were able to observe the old torch on display in the base, visit the Museum of Immigrants, and tour the gift shop.

On the return trip to Massachusetts, a stop was made at McDonald's.

SUTTON LIONS CLUB MEETING DAYS

The Sutton Lions club meets on the first and third Wednesday of each month at the Suttonian Restaurant at Sutton Square Plaza at 7:30 p.m. Anyone interested in becoming a member is invited to attend one of the meetings.

Members will be meeting at the Parting Glass Pub on December 10 for their Christmas Party. Installation of new members will take place at this time.

DEADLINE FOR ALL SUBMISSIONS TO THE MILLBURY-SUTTON CHRONICLE IS 12:00 NOON ON SATURDAY OF THE WEEK PRIOR TO PUBLICATION.

SCHOOL from Page 12

that that wasn't the reason for the visit. The Principal then looked at the schedule and said, 'Oh, oh, you have so and so.' We have to improve them or get them out." Mr. Tuttle continued, "I am happy with the teachers my kids have had. What bothers me is that some teachers, certain teachers, have not done much to improve themselves. I am not sure about the nine Release Time Days we just gave them. Accreditation won't make that much difference." He then noted, "These tests (State Assessment) will be looked at by College Admissions."

Mr. Tuttle then stated that the press had received the Assessment results before the School Committee. He said that members received information on Saturday and the press had it on Friday. Dr. Sylvia replied that he would take full responsibility. He noted that the Telegram and Gazette had called him on Friday and that he mailed the "press release" on Friday.

Mr. Tuttle answered that he was told by one paper that they had received the "release" on Friday, a day before the Committee received theirs. Mr. Tuttle also said that the Grade 11 scores are no surprise. "I am glad to see that we are getting back to reading. Maybe in Grades 6 and 7 we could give students a foreign language or reading course instead of a shop or home economics class."

Mr. Wilczynski stated, "We have to cope with this. We need to assess our own system. We have got to find out 'Why'. We might study what other systems are doing and send some of our teachers there to study their systems. We may have to pay substitutes to fill in for those teachers. Maybe we are using too many audio-vidual aids? I don't know. We are doing something that is not the best. I don't know what the answer is."

Mrs. Cooney stated that the accusations must stop. "We have to find out where the students are low. We have to know on what questions the kids scored low on the test." She then asked if the Committee could obtain a sample of the test. Dr. Sylvia stated that he didn't know if they could but that he would try to obtain one.

Mrs. Cooney then noted, "Leicester is close to us and we are two 'like communities'". They scored well on the test. There are no excuses, we must roll up our sleeves. We need changes in the curriculum and in methodology. The reason is not that kids are going to private schools. Leicester has kids going too. That argument is not valid." Dr. Sylvia then asked Mrs. Cooney how many Leicester students were attending private schools. She stated, "I really don't know - do you?" Dr. Sylvia replied, "No".

Mrs. Cooney went on to say that Grade 11 entered the High School in 1982 with 168 students. "They are now in Grade 12 and have 104 students. Sixty plus students have dropped out; that is about a 38% drop-out rate. Maybe our scores on the test would have been even lower if they hadn't dropped out?" Dr. Sylvia replied that Mrs. Cooney was correct. "I am not trying to make excuses."

Mr. Pease stated that a lot of kids don't like to read but would prefer to watch TV. "Getting kids to read is more of a public relations thing. Interest must come from the home," he said.

Dr. Sylvia stated that he was going to develop communications with parents and involve the Mother's Club.

Mr. Wilczynski asked for monthly progress reports.

- In other business, the Committee:

1. Evaluated and discussed designs for service awards that had been prepared by Mrs. Cross, the Art teacher. The Committee asked to have the Art teacher show the colors to be used in one of the 4 designs that they favored. A final decision will be made later.

2. Asked Dr. Sylvia to go back to Mrs. Burke, who has requested a Sabbatical leave (Jan. 1988-June 1988), and get a specific reason as to why she wants a Sabbatical.

3. Appointed Francis Roach to Grade 8 basketball coach and re-appointed Terry Bernard to J.V. Basketball coach. Both appointments were by unanimous vote.

- Next, Mr. Tuttle brought up an Addenda Item. He requested reports on the Evaluation Committee's meetings during Release Time Days. Mr. Tuttle stated that he was looking for the recommendations of the Committee, as well as what changes were discussed and voted on during the sessions being held to prepare for the Accreditation in 1987.

- At 10:10 p.m., the Committee voted to go into Executive Session to discuss negotiation strategy with Principals and Administrators. Mr. Kelton Johnson, Principal of Elmwood St. School, was in attendance to present the proposals for Administrators.

HAPPY THANKSGIVING
